The New York stock market displayed a substantial increase in activity yesterday and business was fairly well distributed. Aggressive strength was noted, and in one or two cases the shorts were severely treated, notably in Burlington and Chicago Gas. For several days rumors have been current of a probable squeeze of shorts in both properties. Especial significance was attached to the fact that the largest buying orders in the last mentioned stock were that has chiefly been identified with the management. The extreme advance scored was 4% per cent., to 65%. At intervals the speculation was quite animated, and the dealings embraced a number of the usually prices was again engineered in the face of stringent money market, and again the chief motive power came from forecasts of continuation of the present extraordinary grain movement and advances in the prices of cereals. An additional bull factor was the reported engagement of an aggregate of over \$5,000,000 in gold from Europe, together with reports of a car famine at the West. Higher London quotations and moderate purchases for that account stimulated fractional advances at the opening, with the greatest activity in Sugar and the grangers. Increasing strength ruled until midday, when a reactionary tendency de-veloped on realizations, and Manhattan and Sugar, which had earlier exhibited a sagging tendency in contrast to the general list, dropped 1% and % per cent., respective-ly. The other reactions were trivial, and the upward trend was soon resumed, and on good buying for both accounts further gains were recorded. Sugar and Manhattan subsequently made full recoveries. The ex-treme gains aside from Chicago Gas extended in the railways to 2% per cent. in New York Central. In the usually inactive list Illinois Steel rose 31/2; Consolidated Gas, 31/4; Cotton Oil preferred, New York Central and St. Louis seconds preferred 2, and Metropolitan Traction, 11/2 per cent. Wheeling & Lake Eric preferred was in good demand at the close and improd to 2002.

at the close and jumped to 29%, against 25, Monday's final bid. Money on call ranged between 4 and 8 per cent., closing at 5 per cent., and in the afternoon a slight stiffening in exchange rates was noted, due to the arrangements made by gold importers. The speculation in the late dealings was stimulated by a re-vival of strength in the wheat market. The closing was at the best prices of the day. Railroad bonds were strong and more active. Texas & Pacific seconds rose 2½, Kansas & Texas seconds 1¾ and Reading second incomes 1½ per cent. The gains otherwise were less notable in the speculative issues, but Atchison, Colorado & Pacific firsts figured for a rise of 7½ per cent. Sales were \$1,234,000. Government bonds made a further slight gain on purchases of \$22,000. Silver certifi-

steady. The transactions aggregated \$6,000 at 66. The following table, prepared by L. W. Louis, Room 13. Board of Trade, shows the range of

LOCAL GRAIN AND PRODUCE. Trade Rather Quiet, with Very Few

Changes in Values. Trade on the wholesale streets and on Commission row was rather quiet and the impression | lbs. \$1.50@1.60. prevails that but little more activity need be looked for until after the election. Grocers seem to be the most favored in business, still there is a good deal of activity to the provision market and prices are much firmer. Receipts of seem to be the most favored in business, still there is a good deal of activity to the provision in pigs. 15c; in bars, 20c. poultry are large and prices easy, while eggs are in active request and receipts moderate. On Commission row the most complaint is heard. Commission row the most complaint is heard. Sales are not what they should be and prices continue low. The flour market is stronger in tone with the advance in wheat. The hide market is hardly as active as two weeks ago and prices rule easier, but no lower.

There is a good deal of activity to the local grain market. The advancing tendency for corn and wheat has given more interest to the handling of the cereals. White corn yesterday lost the and cats are weak at the low prices. Track

The Federation adjourned sine die at 2:30 o'clock Thursday afternoon and the meeting at the High-street Theater Thursday night was a purely local Popocratic affair, with which the State Federation could in no wise be connected, although two of the delegates were announced to speak there. Indianapolis, Oct. 20. The Allen County Kids.

To the Editor of the Indianapolis Journal: I noticed in your report of the recent grand rally of railroad men in Indianapolis, which was addressed by M. E. Ingalls, of the Big Four, an account of long service to the G. O. P. of Messrs. William N. Jackson and R. J. Elvin, Fort Wayne Republicans can go you one better in the persons of Calvin Anderson, who has voted for eighteen Presidents; Hon. M. F. Barbour, who has voted for seventeen, and Rev. R. D. Spellman, who has voted for sixteen. This trio are known as the Re-publican Kids of Allen county. They were present as vice presidents at the great Reed meeting held here last Thursday. They will cast their votes Nov. 3 for Mc-Kiniey and Hobart. To say that Fort Wayne people, regardless of politics, are proud of and honor these "kids" goes with-out saying. Fort Wayne, Ind., Oct. 19.
